BOARD CORNER

What a wonderful year our Club has had! We've changed our name to Greenwich Club for singles and expanded our activities to include more social events and programs that meet our members' needs. We're not finished yet.

Rebranding helped our Club's image - our new name is memorable and indicates our Club's purpose. Now we would like to create awareness of our Club and its wonderful and varied undertakings.

We need to generate demand. While our Club has been a consistent presence in the market place, we'd like to further build a rapport with the singles community and increase our reputation, our most important asset.

Social networking is our next step. We've advertised in the local Patch and local newspapers' event pages. Our fun party flyers are distributed to potential interested parties. We enjoy word of mouth marketing. Social networking will bring new members to Greenwich Club. If you are interested in assisting with our social networking efforts, please email me or any member of the Board.

In addition to social networking, I am interested in your suggestions to help promote our Club.

Please email me at mannyhanny100@yahoo.com. You are welcome to use the "About Us" flyer, which is enclosed with this newsletter, to tell others about our Club. Let's spread the word about Greenwich Club for singles!

March 11: **Girls of Atomic City: The Untold Story of the Women Who Helped Win World War II**, by Denise Kieman.

At the height of WW II, Oak Ridge, Tenn., was home to 75,000 residents, consuming more electricity than New York City. But to most of the world, the town did not exist. Thousands of civilians—many of them young women from small towns across the South—were recruited to this secret city, enticed by solid wages and the promise of war-ending work. Kept very much in the dark, few would ever guess the true nature of the tasks they performed each day in the hulking factories in the middle of the Appalachian Mountains. That is, until the end of the war—when Oak Ridge's secret was revealed.
